Building bridges to connect the world, one service at a time

BEAUTIFUL COUNTRY,
UNIQUE VACATION.

Dr. Terika Smith
President, CEO

A native of Jamaica, Dr. Terika Smith, former Principal of the International High School in Lawrence, MA, earned her Educational Doctorate in Leadership from National Lewis University. She has been an educator for 17 years. For the first 11 years, she taught Spanish to high school students as well as assisted in the coordination of student travel to countries such as Costa Rica, Germany, England, Spain and Mexico. She also organized service learning projects where participants volunteered in an orphanage, an elderly home, and worked with infants with Cleft Palates while in Mexico. Her passion for travel, love for community engagement and as an educator committed to linking academics with service, lead to the formation of Love Without Borders International in 2005, hereafter LWBI.

Now in its new direction, LWBI is committed to serving in communities, locally, nationally, and internationally in the areas of Ministry, Education, Wellness, Business, and developing Future Leaders through Service for young people ages 14-25. Once a need has been identified, LWBI works within the local community to help create self-sustaining supports that will withstand the test of time.

LWBI encourages participation from all. Regardless where you might live, LWBI invites individuals as well as businesses from around the world to help us make a difference in the life of a child and their community. Since her first trip to Mexico, Dr. Smith states "I grew so much from my experience in Mexico when my sole focus was to study and experience the culture. The focus on service makes LWBI all the more rewarding. I trust that everyone who participates in LWBI programs gain an appreciation not only for second language acquisition but also for giving of themselves. With LWBI there are no limits or boundaries in the impact one can have in the life of a child and a community in need."

Visit our web site at www.lwbi.org for more information.
